

## **The Spirit of Science Award**

### **Let Your Spirit Overflow**

The Best Outpost Award includes a wealth of things that your outpost participates in at the Great Science Adventure. One of these is the Spirit of Science award. Get your boys geared up now to excel in this area. It adds so much to our camp. These are the areas that we will be looking for with the SPIRIT award:

- Does the outpost demonstrate spirit everywhere they go with a themed song or yell
- Does the outpost have their flag displayed at their camp during activities and with them for all formations and assemblies
- Did the outpost have a themed skit
- Is the outpost dressed for a Science theme (Boys & Commanders)

**Graders will review outpost spirit at different times throughout the camp. You never know when you are being watched, so display your best Spirit of Science at all times.**
